RE: National Recreational Trail Act: Town of
Hartland Special Access Trail

Dear Ms. Bero,

Thank you for the additional project information. There are no known archeological sites within the area of potential effect of this undertaking. As a result, we retract our recommendation for an archeological survey in our letter of August 9, 1996.

It is always possible that an accidental discovery of archaeological material may occur during construction. If archeological material is discovered, please stop all construction in that area and call me at (608) 264-6507. Should human bone be discovered, you must contact the Burial Sites Preservation Office at 1-800-342-7834 for compliance with Wis. Stat. §157.70(1991) which provides for the protection of human burial sites.

If you have any questions concerning these matters, please call me at the above referenced telephone number.

Sincerely,

Sherman Banker
Compliance Archeologist
